

ENDUATA EXPLORERS

KIDS ACTIVITIES

Enduata Camps is committed to helping families have an unforgettable time.

Safaris offer amazing opportunities for family bonding in a unique setting, with once-in-a-lifetime experiences...we also know kids can get restless when not entertained!

WE GET IT

Enduata Explorers is our offering for kids and young adults. We understand that what a 7 yr old wants isn't the same as what a 12 yr old wants and so we aim to be as flexible as possible with each guest's needs.

We'll send you a pre-travel questionnaire to check on your kids preferences and we'll do all we can to accommodate.

Family members can join in, or leave the kids with us for a few hours, to enjoy some R&R or a sundowner in peace.

We welcome children from age 5 and up.

DAILY RHYTHM

FOOD, BED TIMES & BABYSITTING

We know that fixed meal times may not work for families. We can organise snack packs and bush breakfasts to take on morning game-drives.

Likewise in the evenings, if you prefer an earlier dinner and then bedtime for kids, before parents sit down to dinner, this can be arranged in advance too.

We don't offer babysitting as such but can arrange for a guard to be on duty outside your tent, whilst you enjoy dinner and your little ones sleep.

If you have a private vehicle or guide, you can return to camp for an early dinner if this works or enjoy a more relaxed breakfast before departing later than normal. We're here to help.

WE'LL BE AS FLEXIBLE AS POSSIBLE, TO MAKE YOUR STAY WITH US AS SPECIAL AS POSSIBLE.
